Broad Lawns and Broad Sea Views

Gardening on Cape Cod

Surprisingly often, newcomers to Cape Cod tell of their impression that, of all the places they have visited, Cape Cod seems more than any others to be "garden-minded." Rare is the Cape home, even the humblest, which doesn't have its well-kept bit of green lawn, some attractive flowering shrubs or evergreens, a few trees, and usually a border of colorful flowers.

This happy condition, we feel, stems from three main causes: First is a commendable spirit of personal pride in home and in community. Along with this is a better-than-average appreciation of the value and importance of pleasing environment. And finally, Cape Cod is particularly fortunate in its year-round mildness of climate. Summers are cooler, winters less severe, because of the tempering quality of the four seas which we face. People and plants alike benefit by this pleasant state of affairs.

True, not everyone has a green thumb, but nature has gone more than her half of the way to provide

here conditions favoring man's effort to achieve success in gardening.

We at H. V. Lawrence's, with our Cape Cod Nurseries and our staff of trained and experienced landscape advisers, have enjoyed for sixty-seven years the privilege of helping Cape Cod home owners, year-round and seasonal, to attain a high standard of home-grounds attractiveness that is widely admired and commended.

Gardening on Cape Cod is a pleasant habit, shared by practically all who live here. Supplementing as it does the great natural beauty of shore and sea, and the abundant recreational advantages of the region, it contributes no small amount to the well-known charm and peace of old Cape Cod.

To this end our business efforts and our personal interests are dedicated. This is the broader meaning of the title which we have used for several years for this somewhat different booklet, "Gardening on Cape Cod."

Typical Cape Cod Cottage with Dooryard Garden

Planting Large Trees for Immediate Effect

What Good Landscaping Means to You

Whenever you see a particularly attractive home, large or small, almost invariably much of its appeal is due to the well-landscaped and neatly kept grounds which give the house its deserved setting.

This is no accident. It is the result of skillful landscape planning, pleasing grading, attractive lines of lawns and walks and driveways, and effective planting of trees and shrubs and flowers and grass.

Architect and builder have combined their skill and craftsmanship to produce an attractive house; landscape architect and gardener have likewise combined thoughtful design and most effective use of appropriate materials on the grounds.

The house, given a pleasing setting, becomes a home, and the grounds are a useful and attractive part of that home. The two completely complement

each other. Further, the salable value of the property is substantially enhanced by the effectiveness of the landscaping.

Good landscaping, then, is not so much a luxury as it is a wise investment in tangible values and in more enjoyable living.

Such an investment is of course best made at the time the house is built. Yet often home building costs leave little for any landscaping except bare essentials. How much more important, therefore, that whatever is done shall be done most effectively and in accordance with a simple but well-considered plan for the future. Then later, as budgets and desires suggest, further improvements can be carried out, step by step, in accordance with the plan.

Clearly, then, the services of competent experienced landscape advisers are needed from the very start of every new home, and their help continues important in each step taken to complete the best development of every home grounds.

Entrance Court Designed, Built and Planted by Us*

The Scope of Our Complete Gardening Service

Recognizing that skilled landscaping supplements the services of a good nursery, H. V. Lawrence, the founder of our business in 1886, and still at 91 active in its work, has built through the long years a well-rounded organization which covers the broad fields of landscape construction, planting and design, as well as those of nurserymen and florists.

That service includes five professionally trained landscape architects and engineers to design and plan all types of landscape improvements and to supervise our extensive labor forces and equipment in all landscape construction, grading, lawn making, tree moving; the building of gardens, driveways, walks and terraces; the furnishing of all the materials needed for such landscaping; and, of course, plantings for every purpose.

Our own Cape Cod Nurseries, of some 35 acres, supply all the better kinds of hardy perennial flowers, evergreens, trees, flowering shrubs, hedge plants, roses, vines, ground-covers and fruit stock. The great majority are grown by us here in Falmouth, of a quality far better than average, in kinds particularly suited to Cape Cod conditions.

The Flower and Garden Shop offers highest quality freshly cut flowers, house plants, pottery, bird baths, and garden ornaments; all kinds of flower, vegetable and lawn seeds, fertilizers, peat, insecticides and all gardening tools and supplies.

Thousands of the better kinds of annuals and bedding plants are grown in our seven greenhouses,

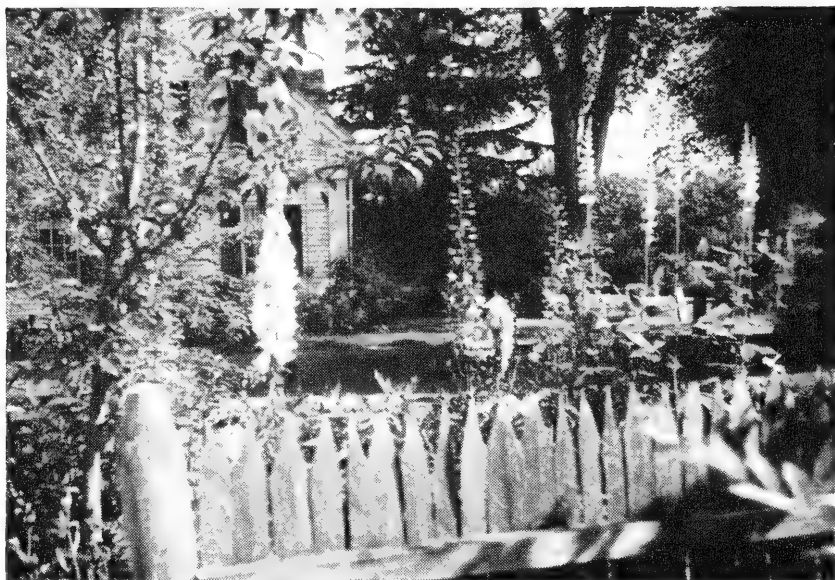

ready from May 15 on to supply all-summer bloom in gardens throughout the Cape.

Such is the complete horticultural service offered by H. V. Lawrence, Inc., of Falmouth, landscape gardeners, nurserymen and florists, combining men, minds and materials best qualified to produce satisfying results, at reasonable costs, and to fill faithfully and well the broad needs of Gardening on Cape Cod.

Backed by 67 years of practical experience and progress, and with hundreds of well-pleased customer-friends throughout the Cape, we confidently believe it merits your full confidence, from first plans to final perfection.

Terrace and Walled Garden Facing the Sea

Perennials Planted with Pleasing Simplicity

Hardy Perennial Flowers

Hardy perennials are those flowers which live on from year to year, and each season produce beautiful displays of blossoms of every conceivable color, form and character.

Peonies, iris, phlox, delphinium and lilies are typical leaders. Scores of others less well known are fully effective. Because Cape Cod is such a summer home region, we specialize particularly in perennials which are summer-blooming. Heights range from stately delphinium and hollyhocks down to creeping rock plants and ground covers. A well-planned perennial border with some annuals judiciously combined will produce continuing yet changing color beauty from the first creeping moss phlox of early spring all through the year until the gorgeous display of fall chrysanthemums finally yields to the hard frosts of November.

All perennials 65c each, \$6.00 per dozen, unless otherwise noted. Six or more of one variety sold at the dozen rate.

Plants priced at 75c are \$7.20 per dozen.

Plants priced at 90c are \$9.00 per dozen.

Plants priced at \$1.00 are \$10.80 per dozen.

Add 10c per plant for extra-care midsummer digging.

- ACHILLEA**, Woolly Yarrow
tomentosa. Yellow. 6 in. July-Sept.
- ACONITUM**, Monkshood
napellus Sparks' var. Dark blue. 2-3 ft. July-Aug. 75c each.
- AJUGA**, Bugle
genevensis. Blue. 6 in. May, good for shade.
reptans rubra. Purple leaves, blue flowers.
- ALTHEA rosea** — See Hollyhocks
- ALYSSUM**, Goldentuft
saxatile compactum. Yellow. 12 in. May.
- ANCHUSA**, Bugloss
Feltham Pride. Brightest blue. 3-4 ft. June-July.
- ANEMONE**, Windflower
japonica Marie Manchar. Fine semi-double white. 2-3 ft. Sept.-Oct.
japonica September Charm. Silvery pink. 2 ft. Sept.
- ANTHEMIS**, Chamomile
Moonlight. Lemon-yellow. 2½ ft. June-Oct. 75c each.
- AQUILEGIA**, Columbine
canadensis. Native. Red and yellow. 1½ ft. June.
chrysantha. Golden-yellow. 1½ ft. May-June.
Crimson Star. Red and white, dwarf. June-July.
Mrs. Elliott's Long Spurred Hybrids. Mixed. 2 ft. May-June.
Mrs. Nichols. Blue shades with white corolla.
Silver Queen. Long-spurred white.
- ARMERIA**, Thrift
Bee's Ruby. Carmine-pink. 1½-2 ft. May-June.
- ARTEMISIA**, Wormwood
lactiflora. Cream-white. 4-5 ft. Sept.
Silver King, Ghost Plant. Silvery foliage. 2-3 ft. June-July.
Silver Mound. Dense mounds of bright silvery feathery foliage. 12 in. All season.
- ASCLEPIAS**, Butterfly Weed
tuberosa. Orange. 1½-2 ft. July-Sept.
- ASTER**, Hardy Aster
Blue Eyes. Lavender-blue. 2-3 ft. Aug.-Sept.
Harrington's Pink. Fine true pink, semi-double. 3-5 ft. Sept.
Mount Everest. Best white. 3-4 ft. Sept.
Queen Mary. Brilliant blue. 3-4 ft. Sept.
Violetta. New. Exceptionally fine deep violet-purple. 3-4 ft. Sept.

ASTER, Dwarf Varieties

Amellus elegans. Large deep blue flowers. 12-18 in. Aug.-Sept.

Countess of Dudley. Clear pink. 8-12 in. Sept.

Lavanda. Lavender-blue. 6-9 in. Sept.

Niobe. Clean white. 6-9 in. Sept.

ASTILBE, Astilbe

Beautiful heavy clumps. All varieties 75c. each.

Avalanche. Pure white. 2 ft. July-Aug.

Gloria. Fine rose pink. 1½ ft. July.

Peach Blossom. Clear deep pink. 1½-3 ft. July-Aug.

Queen Alexandra. Soft pink. 2 ft. June-July.

BAPTISIA, False Indigo

australis. Blue. Lupine-like flowers. 2½-3 ft. June.

CAMPANULA, Bellflower

carpatica. Blue and white varieties, compact. 9 in. June-Oct.

medium — Canterbury Bells. Lilac, blue, white and pink. 2½ ft. June. (Biennials.)

persicifolia. Blue and white varieties. 2-3 ft. June-July.

persicifolia Misty Morn. Beautiful silvery blue double flowers on strong stems. 75c each.

CENTAUREA montana. Hardy Cornflower. Bright deep blue flowers, 2½ to 3 in. across. 12 to 18 in. June.

CERASTIUM, Snow-in-Summer

tomentosum. White flowers, silvery foliage. Trailing masses. 6 in. May-June.

CERATOSTIGMA plumbaginoides, Leadwort

Beautiful bright blue rock plant. 6-9 in. July-Aug.

CHRYSANTHEMUM, Pyrethrum type

coccineum Robinson Hybrids. Improved variety, fine mixture.

Robinson's Double Dark Crimson. 2-2½ ft. June-July. 75c each.

CHRYSANTHEMUM — Shasta Daisy Varieties

Diener Double. Large fringed white flowers. 2½ ft. June-July.

Majestic. Very large single flowers. 2½ ft. June-July.

HARDY GARDEN CHRYSANTHEMUMS

These and the Hardy Asters are the glory of the garden all the long fall. New colors, greater hardiness, and improved foliage are in these selected varieties.

Notable recent introductions; all 75c each, \$7.20 per dozen.

Fred F. Rockwell. Gorgeous blend of orange and bronzy scarlet. 2 ft. Oct. 1.

Masquerade. Compact plants loaded with silvery rose balls of color. 2 ft. Oct. 1.

Misty Maid. 3-inch informal decorative type flowers of soft shell pink. 2 ft. Sept. 20.

Moonbeams. 3½-inch double blooms of soft primrose yellow. 2½ ft. Oct. 1.

Summertime. Gleaming golden semi-double daisies. Earliest of all, blooms from July until frost. 2 ft.

Tapestry. Very double 3-inch flowers of rich bright pink. 2 ft. Sept. 15.

Selected popular varieties, proved by our own experience to be most reliable. All at 65c each, \$6.00 per dozen.

(D, double decorative; P, pompon double; S, semi-double daisy-type.)

Avalanche. (D) Largest, best creamy white. 18 in. Sept. 20.

Bokhara. (D) Fine rosy crimson-wine. 2 ft. Oct. 5.

Bonfire. (D) Strong bronze-red. 18 in. Oct. 1.

Butterball. (P) Compact lemon-yellow pompons. 18 in. Sept. 10.

Carnival. (D) Glowing burnt-orange. 2 ft. Oct. 1.

Charles Nye. (D) Finest large golden yellow. 2 ft. Sept. 20.

Exquisite. (D) Beautiful Burgundy-bronze. 2 ft. Oct. 1.

Lavender Lady. (D) Large soft silvery lavender. 2½ ft. Sept. 20.

Mellow Glow. (D) Large, glistening peach-bronze. Oct. 5.

Mrs. P. S. DuPont III. (D) Lovely peach-salmon-fawn. 2½ ft. Oct. 1.

My Lady. (D) Brilliant orange-yellow. 2 ft. Oct. 1.

Red Velvet. (D) Rich velvety deep red. 2 ft. Oct. 5.

Best dwarf "Cushion Mums": 65c each, \$6.00 per dozen.

Bronze Mound. Varied bronze shades. Sept. 5.

Dean Kay. Deep apple blossom pink. Sept. 10.

Golden Carpet. Glowing gold pompons. Sept. 15.

Major Cushion. Best salmon pink. Sept. 20.

Powder Puff. Beautiful clean white. Sept. 15.

Santa Claus. Hardy crimson red. Oct. 5.

Soil preparation for perennial flowers should provide a minimum depth of 12 inches of good fertile loam, and 18 inches is better where possible. Deep rooting is thus encouraged, with stronger growth and greater resistance to drought and to rigors of winter. Well rotted cow manure worked in deeply before planting is best.

CIMICIFUGA, Snakeroot

racemosa simplex. Late large-flowering variety of the above. 3 to 4 ft. 90c each.

CLEMATIS davidiana. Fine blue, good in shade. 1½-2 ft. June-July.

CONVALLARIA, Lily-of-the-Valley

majalis. White. 8 in. May-June.

COREOPSIS, Coreopsis

grandiflora. Single and semi-double. Yellow. 2 ft. May-Nov.

DELPHINIUM, Larkspur

Belladonna Cliveden Beauty. Beautiful improved pale blue. 2-2½ ft. June-Sept.

Bellamosum Improved. Dark blue, Belladonna type. 2 ft. **chinense.** In three colors, deep blue, light Cambridge blue and pure white. 1½-2 ft. June-July.

chinense Blue Mirror. Fine sparkling medium blue. 1½ ft. June-July.

LYONDEL HYBRIDS. The finest strain yet produced for giant double flowers, wide color range and reliable hardiness. 4-6 ft. June-Sept. 75c each.

PACIFIC HYBRIDS, Named varieties. Separate color strains, giant-flowered tall spikes. 75c each.

Black Knight. Deep purple-blues.

Blue Bird. Strong, clear blues.

Cameliard. Clear lavenders.

Galahad. Pure white.

Round Table Series. All the color combinations.

Summer Skies. Sky-blues, white bee.

DIANTHUS, Hardy Pinks

barbatus — see Sweet William.

Grenadin strains, carnation-flowered, in yellow, deep red, and white.

plumarius. The old-fashioned clove pink. June.

plumarius Spring Beauty and **Highland Rose Hybrids.** Large double, all colors.

DICENTRA, Bleeding Heart

eximea. Deep rose. Fringed foliage. 12-15 in. All summer. 75c each.

Sweetheart. White variety of the above. 75c each.

spectabilis. Great favorite. Racemes of pink heart-shaped flowers. 2 ft. May. \$1.00 each.

For greatest enjoyment of Delphiniums add a few new young plants to the groups each spring. These usually bloom after the older plants have finished, and they take the places of the few that may not have survived the winter. Never crowd Delphiniums by planting strong annuals among them. They need plenty of circulation.

DIGITALIS, Foxglove.

ambigua. Hardy yellow. True perennial. 2 ft. June-July.
purpurea (biennial). Rose shades and pure white. 3-5 ft. June.

Shirley Hybrids. Fine mixture of all pink shades and white. 3-5 ft. June.

DORONICUM, Leopardbane

caucasicum. Large bright yellow daisy-like flowers. 1½-2 ft. May-June.

ECHINACEA (*Rudbeckia*), Coneflower.

The King. Improved variety, strong rose-purple, bronze cone centers. 3 ft. July-Oct.

White Lustre. New. Fine clear white, bronze cone. 3 ft. July-Oct.

ECHINOPS, Globe Thistle

ritro. Steel blue. 3-4 ft. July-Aug.

ERYNGIUM. Sea Holly.

amethystinum. Silvery blue, very effective. 2-2½ ft. July.

EUPATORIUM, Mistflower

coelestinum. Purple. 2 ft. Aug.-Oct.

FERNS

Adiantum pedatum, Maidenhair Fern. 15-24 in. Shade.

Dennstedtia punctilobula, Hay-scented Fern. 1½-2 ft. Shade. Sq. ft. sods, 75c each, \$7.20 per dozen, \$50.00 per hundred.

Osmunda cinnamomea, Cinnamon Fern. 4-5 ft. Sun or shade.

Polystichum acrostichoides, Christmas Fern. 1-1½ ft. Shade.

FUNKIA, see Hosta

GAILLARDIA aristata, Blanketflower. Red and gold. 1½ ft. All season.

GEUM, Avens

Mrs. Bradshaw. Double flowers of orange-red. 2 ft.

Prince of Orange. Large double orange-gold. 2 ft. May-June.

GYPSOPHILA, Baby's Breath

Bristol Fairy. Double pure white. 2-3 ft. July-Sept. 75c each.

Rosy Veil. New double pink. 12 in. July-Sept.

Price: 65c each, \$6.00 per doz., except as noted.

6 or more plants of one variety at dozen rate.

Plants priced at 75c are \$7.20 per dozen.

Plants priced at 90c are \$9.00 per dozen.

Plants priced at \$1.00 are \$10.80 per dozen.

Add 10c per plant for extra-care midsummer digging.

HELENIUM, Sneezeweed

autumnale. Yellow. 4 ft. Aug.-Sept.

aut. Riverton Gem. Beautiful bronze flowers in large heads. 4 ft. Aug.-Sept.

HELIANTHEMUM, Sun-rose

nummularium. Fine double yellow. 9 in. June-July.

HELIOPSIS, Heliopsis, Sunflower

Lemoine's Strain. Yellow. 2½ ft. June-Aug.

HELLEBORUS niger, Christmas rose. Large white flowers in late winter. \$1.00 each.

HEMEROCALLIS, Daylily, Lemon-lily.

flava. Lemon-yellow. 2½ ft. June.

kwanso flore-plena. Double flowers. Orange. July.

thunbergi. Lemon-yellow. 3 ft. July-Aug.

HEMEROCALLIS HYBRIDS. The best of the moderate-price improved hybrids introduced in recent years. 65c each, \$6.00 per dozen, except as noted.

Anna Betscher. Orange yellow lilies. 3½ ft. Mid-July.

Gem. Pale yellow, golden throat. 3 ft. Mid-July.

George Yeld. Large yellow with rose blotches. 4 ft. Late July.

Gold Standard. Strong clear yellow. 3 ft. Mid-July.

Harvest Moon. Fine deep bronzy orange. 3½ ft. Mid-July.

Hyperion. Giant flowers, clear canary yellow. 4 ft. July-Aug. 90c.

J. A. Crawford. Deep yellow on paler background. Large flowers. 3½ ft. Early July.

Lemona. Clean lemon yellow. 4 ft. Late July.

Margaret Perry. Brick-red, yellow stripes and throat. 3 ft. Early July.

Mikado. Striking orange, mahogany throat. 3 ft. Late June.

Mrs. W. H. Wyman. Clear butter-yellow. 3½ ft. Late July-Aug.

Ophir. Very large pale yellow. 3 ft. Late July.

HERBS. Good assortment, including Chives, various Mints, Sage, Winter Savory, Rosemary, Hyssop, True Lavender, Thyme, Lemon Verbena, Parsley, Scented Geraniums, and others.

Perennials best for picking would include these: Columbine, Asters, Shasta Daisy, Chrysanthemum, Lily of the Valley, Delphiniums, Dianthus, Coreopsis, Doronicum, Baby's Breath, Coral Bells, Iris, Lilies, Lupine, Peonies, Tritoma.

Midsummer Phlox and Lemon Daylilies

HEUCHERA, Coral Bells. Airy spikes of graceful flowers, 1 to 2 ft. June-July. Nine outstanding varieties, pure white and all shades of pink from palest to brilliant garnet. Fine large clumps, 75c each, \$7.20 per dozen.

HIBISCUS, Mallow
moscheutos. Red, pink, white and mixed. 4-5 ft. Aug.-Sept.

HOLLYHOCKS. Double Newport pink, maroon, white and yellow, and single mixed.

HOSTA (Funkia), Plantain Lily.
lancifolia. Lavender flower spikes. Good in shade. 2 ft. July-Aug.
plantaginea. Very fragrant, pure white. Good in shade. 2 ft. Aug.-Sept. 90c each.
undulata variegata. Wavy-edged green and white foliage. Lavender flowers. 1½ ft. July-Aug.

HYPERICUM calycinum, St. Johnswort. Fine midsummer yellow. 1-1½ ft.

IBERIS, Candytuft
sempervirens Snowflake. Masses of white flowers, ever-green foliage. 6-12 in. May.

IRIS GERMANICA, German Iris

Eighteen leading varieties in shades of blue, lavender, purple, rose-pink, yellow and white.

IRIS KAEMPFERI, Japanese Iris. Distinctive large flattish flowers of varying tints on 2 to 3 ft. stalks, late June, July. 75c each, \$7.20 per dozen for large flowering-size clumps.

Blue Waves. Single, soft lavender blue.

Catherine Perry. Double, deep violet-purple.

Columbia. Double, blue with white veins.

Gold Bound. Double, pure white, golden throat.

Hercules. Double, lilac blue.

Paragon. Single, dark violet-blue.

Reine des Bulgares. Single, beautiful pale lavender.

(Also several other varieties available.)

Mixed. Assortment of many beautiful colors.

IRIS pseudacorus, Yellow Flag. Bright yellow. 3 ft. May-June.

IRIS pumila, Dwarf Iris. 6-8 in. April-May.

Bride. Large flowered pure white.

Excelsa. Beautiful pale lemon-yellow.

Spring Skies. Fine light blue.

IRIS pumila, Autumn-flowering varieties. Bloom Spring and Fall.

Autumn Queen. Pure snow white.

Coerulea. Bright sky-blue.

Jean Siret. Clear chrome-yellow.

Olive White. Cream color.

IRIS siberica. Siberian Iris.

Perry's Blue. Clear blue. 3 ft. June-July.

Snow Queen. Pure white. 3 ft. June-July.

KNIPHOFIA ovaria, Red-Hot Poker, Torch Lily.

Primrose Beauty. Golden-yellow. 3 ft. Aug.-Sept.

Robinhood. Scarlet-orange. 3 ft. July-Sept.

Springtime. Fine salmon-pink. 2½ ft. July-Sept.

White Fairy. Free flowering creamy white. 2 ft. July-Sept.

All Kniphofias, 75c each.

LAVANDULA, True Lavender

officinalis. Fragrant blue. 1-1½ ft. July-Aug. 90c each.

officinalis rosea. Pink flowering variety of the above. 90c each.

LIATRIS, Gayfeather

pycnostachia. Tallest spikes of rosy-purple. 4-6 ft. July-Aug.

scariosa alba. White spikes. 2-3 ft. Sept.-Oct.

scariosa September Glory. Improved variety, violet spikes. 4-5 ft. Sept.

spicata. Lilac-rose. 1½-2½ ft. July-Aug.

Lilies are benefited by working sand and sulphur into the soil when planting. Keep lily bulbs (all bulbs in fact) away from direct contact with manure in the soil. Lilies are heavy headed and brittle, so it's wise to stake them as soon as buds show.

LILIUM, Lilies

- auratum platyphyllum**, Gold-Banded Lily. Great favorite, now again available. \$1.25 each, \$12.00 a dozen.
- canadense**, yellow-orange, native. 3 to 6 ft. Late June. 65c each, \$6.00 per dozen.
- candidum**, Madonna Lily. Waxy white. 3-4 ft. July. Large bulbs, potted, 90c each, \$9.00 per dozen. Available in Fall only.
- henryi**, Henry Lily. Orange-yellow. 4-5 ft. Aug.-Sept. 90c each, \$9.00 per dozen.
- longiflorum**. Estate or Hardy Easter Lily. Large white trumpet-type flowers. \$1.25 each, \$12.00 per dozen.
- philadelphicum**. Upright flowering orange-scarlet, native. 1½ ft. tall. June-July. 65c each, \$6.00 per dozen.
- regale**, Regal Lily. White, flushed yellow. 3-4 ft. July. 90c each, \$9.00 per dozen.
- speciosum album**, White Speciosum Lily. Pure white. 2-3 ft. Aug.-Sept. \$1.25 each, \$12.00 per dozen.
- speciosum rubrum**, Pink Speciosum Lily. Fine large bulbs. 2-3 ft. Aug.-Sept. \$1.25 each, \$12.00 per dozen.
- superbum**, American Turkscap Lily. Orange-yellow. 5-6 ft. July-Aug. 65c each, \$6.00 per dozen.
- tigrinum splendens**, Tiger Lily. Orange-red. 5-6 ft. July-Aug. 65c each, \$6.00 per dozen.
- umbellatum**, Western Orangecup Lily. Orange-red. 1-2 ft. June-July. 65c each, \$6.00 per dozen.

LINUM, Flax

- perenne**. Delicate pale blue blossoms all season. 1½ ft.

LOBELIA, Cardinal Flower

- cardinalis**. Brilliant Cardinal red spikes. 2-3 ft. Aug.-Sept.

LUPINUS, Lupine

- polyphyllus**. Blue, white and pink. 3 ft. June.
- Russell Hybrids**. Beautiful colors include pinks, blues, yellows, maroon, bronze in many combinations. Large flowers. 3-4 ft. June-July.

LYTHRUM, Loosestrife

- salicaria Morden's Pink**. Spikes of bright rose-pink. Likes moisture. 3-4 ft. July-Sept.

MONARDA, Bee Balm

- didyma splendens**. Cambridge scarlet. 3 ft. July-Aug.
- didyma Croftway Pink**. Clear pink. 3 ft. July-Aug.

NEPETA, Nepeta

- mussini**, Catmint. Luxuriant masses of lavender-blue. Pleasing gray-green foliage. 1 ft. May-Sept.

OENOTHERA, Evening Primrose

- missouriensis**. Large clear yellow flowers. 12-18 in. June-July.

Iris and Primrose — Two Spring Favorites

PAEONIA, Peony

All 3 to 5 eye clumps or larger. Good reliable double-flowered varieties, all \$1.25 each.

Duchesse de Nemours. Creamy white, sulphur yellow centers.

Edulis superba. Good deep rose.

Festiva maxima. One of the very best. Fine large fragrant white.

Karl Rosenfield. Large deep crimson red.

Lady Alexandra Duff. Beautiful soft blush pink, flesh tinted.

M. Julies Elie. Clear medium pink, silvery tinge.

Mixture of good varieties. \$9.00 per dozen.

Selected Single-Flowered Varieties all \$1.50 each.

Ama-no-sode. Large delicate rose-pink.

Jeanne Lepandry. Pure white; flat cream center.

Mikado. Single dark red, golden stamens.

Mignon. Lovely pink.

Price: 65c each, \$6.00 per doz., except as noted.
6 or more plants of one variety at dozen rate.

Plants priced at 75c are \$7.20 per dozen.

Plants priced at 90c are \$9.00 per dozen.

Plants priced at \$1.00 are \$10.80 per dozen.

Add 10c per plant for extra-care midsummer digging.

PAPAVER, Poppy

nudicaule, Iceland Poppy. Yellow-orange. 1 ft. May-Sept.
orientale. Large orange-red. 2½-3 ft. June.

orientale Hybrids. Pure white, flesh pink, deep crimson and rose-red. 75c each.

PENTSTEMON, Pentstemon

Pink Beauty. Clear pink all summer. 2-3 ft.

PHLOX PANICULATA, Hardy Garden Phlox.

This is probably the most suitable perennial for summer flower masses. We list here a dozen particularly good varieties in most popular colors. We also grow some twenty other kinds that have proved their worth.

Antonin Mercie. Clean pale lavender, white eye.

Charles Curtis. Brilliant, reddish sunset-pink.

Daily Sketch. Fine, large, clear pink, deeper eye.

E. I. Farrington. Best bright salmon-pink, deeper eye.

Jules Sandeau. Low, clear deep pink without dark eye.

Lillian. Excellent clean soft pink, medium height.

Mary Louise. Best pure white, creamy eye, tall, late.

Miss Linaard. June-flowering white, glossy foliage.

Pinkette. Beautiful palest blush, creamy buds, pink trumpet.

Salmon Glow. Rich pinkish salmon, white eye. Medium.

Spitfire. Brightest fiery orange scarlet, dark foliage.

World Peace. Outstanding new large pure white.

PHLOX SUBULATA, Moss Phlox. Creeping varieties make masses of gay spring color. Plants often flower again in the fall. White, blue, lavender, pale pink and rose pink varieties.

PLATYCODON, Balloonflower

grandiflorum. One of the very best midsummer perennials.

Large heads of showy star-shaped flowers. Blue and white varieties. 2-4 ft. July-Aug.

grandiflorum rosea. Light pink shade of the above.

PRIMULA veris, Primrose. We have an exceptionally fine block of these increasingly popular spring favorites, including the **lutea** strain with all tints of yellow and the Munstead, Monarch, and Giant Bouquet mixtures with many shades of lilac, buff, yellow, maroon and red.

ROSMARINUS, Rosemary

officinalis. Favorite fragrant herb. Pale blue. 2-3 ft. May.

Large plants in 5-in. pots, \$1.00 each.

Phlox is so fine in midsummer that it deserves special favor. Contrary to common belief, it will almost never "revert" to the familiar magenta if faded flower heads are cut off before seeds are formed. Spray or dust the foliage of Phlox and Chrysanthemums with Bon-sul to control red spider.

SALVIA, Sage

azurea grandiflora pitcheri. Bright blue. 3-4 ft. Aug.-Sept.

SANTOLINA, Lavender-Cotton

incana. Dense silver-gray foliage, yellow flowers. 1 ft. July.

SCABIOSA, Blue Bonnet.

caucasica hybrids. Beautiful soft lavender-blue and clear white. 1½-2 ft. July-Sept.

SEDUM, Stonecrop

spectabile. Fleshy gray foliage, rose-pink flower heads. 12-18 in. Aug.-Sept.

Also six selected creeping varieties, good for rock gardens.

SEMPERVIVUM, Houseleek, Hen-and-Chickens.

Four interesting varieties of different types.

SHASTA DAISY, see under Chrysanthemums.

SIDALCEA, Prairie Mallow

Rosy Gem. Soft rose-pink. 2 ft. June-July.

STOKESIA, Stokes Aster

Blue Moon. 3-inch crested lavender-blue flowers all summer. 1½-2 ft.

cyanea alba. White-flowered variety.

SWEET WILLIAM

Newport Pink, white, bright red, deep maroon and mixed colors.

TEUCRIUM, Germander

chamaedrys. Glossy dense green foliage permits use as clipped edgings like Boxwood. Rose-pink flowers. 6-12 in. July. \$40.00 per hundred.

THERMOPSIS, Thermopsis

caroliniana. Yellow Lupine. 3-4 ft. June-July.

THYMUS, Creeping Thyme

White, crimson, golden, woolly and lemon-scented varieties.

TRITOMA, see Kniphofia, page 16.

In winter protection of perennials do not smother those kinds such as Dianthus, Chrysanthemums, Coral Bells, Coreopsis, Madonna Lilies, Nepeta, Primroses, or the biennial Canterbury Bells, Sweet William and Foxgloves, all of which keep green base-foliage through the winter. If a manure or strawy mulch is used, keep it off these plants. Pine branches or cranberry vine furnish ample winter protection.

VERONICA, Speedwell

Blue Peter. New. Deep navy blue. Stiff stems. 18 in. July-Aug. 75c each.

Blue Spires. Clear blue. 2 ft. June-July.

incana. Silvery foliage, purple flowers. 1 ft. July-Aug.

incana rosea. Silvery foliage. Mauve pink. 1 ft. July-Aug.

longifolia subsessilis. Large purple-blue spikes, clean glossy foliage. 1½-2 ft. July-Aug. 75c each.

Spicata alba. White spikes. 1½ ft. June-July.

teucrium "Royal Blue." Brilliant blue. 1-1½ ft. June.

VINCA, Periwinkle, Myrtle. See Ground Covers, page 46.

VIOLA, Tufted Pansy

Cornuta. Super-large flowering Scotch Hybrids. Fine mixture of two-toned flowers in all colors.

Jersey Gem. Rich violet, very hardy. 9-12 in. All summer.

Royal Robe. Fine large deep violet flowers. 10-12 in. All summer.

White Jersey Gem. Pure white. All summer.

YUCCA

filamentosa. Creamy-white spikes. 4-6 ft. June-July.

Annual and Bedding Plants

Annual flowers are unequalled for their June-to-frost color in gardens, borders and plant boxes.

We grow some 200,000 of the better kinds in our greenhouses and frames each spring. Started from seed or cuttings in late winter, many are already in bloom at planting time in late May and June.

Our potted plants have no set-back when planted out.

Out of the thousands of kinds and colors offered in the market, we select and grow a selected list of special merit, true to color and name.

Husky, healthy plants in everything from alyssum to zinnias are ready May 15th.

Everyone Loves the Queen of All Flowers

Roses

Cape Cod seems particularly suited to growing outstandingly beautiful roses. Hybrid Teas, Floribundas and Climbing Roses all do exceptionally well in this climate. Colors seem brighter near the seashore. Mild winters and long growing seasons make for sturdy growth and abundance of flower production.

All roses do respond to extra-thorough soil preparation before planting. Yet anyone can grow and enjoy fine roses here if he will prepare the ground well, buy first quality plants, plant them properly, and take reasonably good care of them.

Out of many hundreds of good varieties grown, we have selected certain proven kinds we know will do well here. We have separated our listings into the following groups:

The "Great Eight" of recent introduction, composed entirely of All-America Award Winners.

The Brownell "Sub-Zero" roses, especially bred for winter-hardiness.

A General List of Proven Hybrid Teas.

The most popular ever-blooming Floribundas.

Climbing Roses, newest kinds and old favorites.

Early spring planting is recommended. Dormant plants are available in most varieties until May 1. After that date potted plants only will be sold.

All our plants are top-quality 2-year field-grown, guaranteed to flower this coming summer.

The Great Eight

"All-America" Hybrid Tea Roses

Winners of the awards as the most meritorious of all modern hybrid teas, these aristocrats lead the field and are well worth the slight extra cost.

These varieties in potted plants only

Chrysler Imperial. The 1953 award winner. Long tapering buds opening to vivid rich crimson. Large high centered flowers measuring 4½ to 5 inches. \$3.25 each.

Capistrano. All-America, 1950. Magnificent clear pink of great vigor, with strong leathery foliage. \$2.50 each.

Diamond Jubilee. 1948 All-America winner. Large flowers of buff-orange and yellow; very prolific bloomer. \$2.25 each.

Fred Howard. Plant Pat. 1006. 1952 All-America Winner. Rich yellow with large long buds, tipped with pencilling of soft pink. \$3.00 each.

Helen Traubel. 1952 All-America Winner. A new color blend of luminous apricot and warm pink. Large fragrant flowers of great beauty. \$3.00 each.

Mission Bells. All-America, 1950. Fragrant full double deep salmon pink flowers. Vigorous grower. \$2.50 each.

Peace. "All-time All-America." Probably the one best rose today. Huge flowers of cream yellow and pink. Most vigorous grower, with excellent rich foliage. \$2.75 each.

Sutter's Gold. All-America, 1950. Beautiful long pointed yellow buds, shaded orange and bronze. Very fragrant. \$2.50 each.

Brownell "Sub-Zero" Hybrid Teas

The famous New Race of Everblooming Roses, bred for extra winter-hardiness, as well as for beauty and quantity of bloom.

Potted plants only, \$2.25 each, 6 or more at \$2.00 each and well worth it.

Break o' Day. Very large double flowers of orange to apricot.

Dick Wilcox. Deep red. Very double. Vigorous grower.

Dolly Darling. Sunset shades of pink.

Early Morn. Large double flowers of pastel pink.

Lily Pons. Creamy-white with a pure yellow center.

Pink Princess. Buds red, flowers deep pink.

Queen o' the Lakes. The Queen of all double reds.

Red Duchess. Large double rose-red blooms. Fragrant.

V for Victory. Large, full, double yellow flowers. Free bloomer.

Yellow Curls. Pure yellow full double flowers.

General List of Hybrid Teas

Older favorites that are tried and true, for combining with the new introductions.

Dormant plants \$1.75 each, 6 or more at \$1.50 each.

Potted plants \$2.25 each, 6 or more at \$1.85 each.

Briarcliff. Deep rose-pink center, outer petals lighter pink.

Caledonia. Snowy white, large pointed buds.

Christopher Stone. Exceptionally fine scarlet-crimson.

Countess Vandal. Beautiful creamy salmon pink.

Crimson Glory. Plant Pat. 105. Gorgeous deep velvety crimson-maroon. Vigorous, rather low and spreading growth. \$2.00 each.

Duquesa de Penaranda. Lovely copper-apricot, long pointed buds.

Edith Nellie Perkins. Salmon-pink flushed orange.

Editor McFarland. Fine clear glowing pink.

Etoile de Hollande. Beautiful large deep red.

Forty-Niner. Plant Pat. 792. Brilliant bicolor, petals red inside and yellow outside. \$2.25 each.

Frau Karl Druschki. Old favorite large-flowered white.

Grande Duchesse Charlotte. Plant Pat. 774. Long buds of rich claret-red opening to lovely Begonia rose. \$2.00 each.

Horace McFarland. Plant Pat. 730. Long apricot-orange buds opening to buff and coral-salmon. \$2.00 each.

Kaiserin Auguste Viktoria. Beautiful creamy-white.

McGredy's Ivory. Creamy white with a yellow base.

McGredy's Scarlet. Large brilliant scarlet, shaded rose-pink.

McGredy's Yellow. Nonfading canary yellow, perfect form, very fragrant.

Mme. Joseph Perraud. Shell pink edges shading to buff and orange center.

Mrs. E. P. Thom. Excellent free-blooming canary-yellow.

Mrs. Sam McGredy. Scarlet-copper-orange, outside flushed red. Very fragrant.

New Yorker. Plant Pat. 823. Called the "best red rose of all time." Very fragrant unfading flowers. \$2.00 each.

President Herbert Hoover. Copper-red, orange and gold.

Radiance. Popular clear pink.

Red Radiance. Clear watermelon red.

Sister Therese. Chrome-yellow, edges of petals carmine.

Talisman. Popular bicolor, golden yellow with copper and scarlet.

The Doctor. Large buds opening to cupped flowers of satiny-pink.

Floribunda Roses

Everblooming bush roses with great masses of color throughout the summer and fall. They are exceptionally hardy, and particularly effective in lawn border groupings, and in house foundation plantings. Floribundas are most satisfactory also for picking.

Dormant plants \$1.75 each, 6 or more at \$1.50 each, except as noted.

Potted plants \$2.25 each, 6 or more at \$1.85 each, except as noted.

Betty Prior. Plant Pat. 340. Beautiful silvery, rose-pink single flowers, blooms continuously.

Chatter. Plant Pat. 739. Bright crimson, large clusters, blooming continuously.

Dagmar Spaeth. Lovely alabaster white edged pink.

Donald Prior. Plant Pat. 377. Huge clusters, bright scarlet crimson.

Else Poulsen. Beautiful semi-double bright rose-pink.

FASHION. Plant Pat. 789. Finest Floribunda yet created. Brilliant coral-salmon overlaid with gold. Most prolific. \$2.25 each.

Goldilocks. New. Plant Pat. 672. Rich golden-yellow. Long lasting flowers. Vigorous growth. \$1.75 each.

Gruss an Aachen. Great clusters of large tea-rose pink with creamy tints.

LaFayette Improved. Large clusters of bright cherry crimson. Very good for dry locations.

MA PERKINS. 1953 All-American winner. Free blooming with cuplike flowers opening to a translucent light **Fashion** color of shades of red with a suffusion of yellow, fading to a soft coral shell pink. \$2.50 each.

Pink Bountiful. Plant Pat. 601. Large lasting clusters of deep reddish pink; fragrant.

Pinocchio. Plant Pat. 484. Brilliant salmon flushed with gold. Pointed buds in constant profusion.

Summer Snow. Clean pure white double flowers in large clusters.

VOGUE. 1952 All-America Floribunda. Grand flowers of brilliant deep cherry-coral. A true winner. \$2.50 each.

White Pinocchio. Plant Pat. 1010. Fine double pure white.

World's Fair. Plant Pat. 362. Continuous blooming rose of deep velvety crimson.

Climbing Roses on a Falmouth Fence

Climbing & Trailing Roses

Several outstanding newer introductions including a number of fine everblooming varieties are offered in addition to the familiar favorites.

Dormant stock, \$1.50 each, 6 or more at \$1.35
 After May 1 potted plants \$2.00 each, 6 or more at \$1.75.
 (Except as noted.)

Aloha. Plant Pat. 948. Glowing deep coral pink, large and extra double. **A repeat-bloomer.** \$2.75 each.

American Pillar. Deep crimson-pink, white center.

***Apricot Glow.** Coppery pink, double, in abundant clusters. \$2.00 each.

Blaze. The brilliant everblooming double scarlet. \$1.75 each, \$18.00 per dozen.

Brownell Rambler. Large clear yellow double flowers. \$2.00 each.

Climbing American Beauty. Double rose-pink.

Climbing Break o' Day. Everblooming. Large double orange to apricot flowers, very vigorous. \$2.00 each.

Climbing Peace. The tremendously popular tea rose now offered as a true climber. **Everblooming.** \$2.75 each.

Climbing Summer Snow. Everblooming. Large clusters of pure white double flowers. \$2.00 each.

Copper Glow. Deep coppery orange. Fragrant. \$2.00 each.

***Coral Creeper.** Combines all coral shades. Semi-double, large clusters. \$2.00 each.

Dream Girl. Plant Pat. 643. **Everblooming.** Full-petaled flowers of coral-pink. \$2.75 each.

Dorothy Perkins. The favorite clear pink rambler.

Dr. J. H. Nicholas. Plant Pat. 457. **Everblooming.** Very large double flowers of deep rose-pink all season. \$2.25 each.

Elegance. Large pure yellow center shading to white. \$2.00 each.

Excelsa. Improved crimson rambler.

***Frederick S. Peck.** Deep grenadin pink, yellow center. \$2.00 each.

Golden Climber. (Mrs. A. C. James.) Best yellow climber, fragrant. \$2.00 each.

***Golden Glow.** Large masses of fragrant spectrum-yellow flowers. \$2.00 each.

Golden Pyramid. Large cadmium-yellow blooms. Very vigorous. \$2.00 each.

King Midas. Plant Pat. 586. Large double golden yellow flowers. \$2.25 each.

***Little Compton Creeper.** Clusters of single wild-rose pink flowers. Orange fruits through early winter. \$2.00 each.

Mary Wallace. Large semi-double bright pink.

New Dawn. The beautiful shell-pink **everblooming** Van Fleet. \$1.75 each.

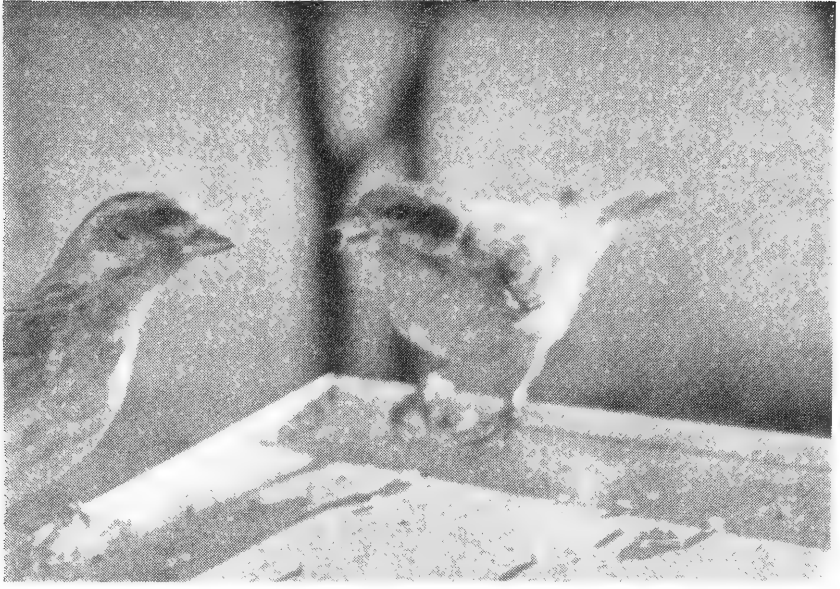

Orange Everglow. New, **everblooming**, dazzling coppery orange. \$2.25 each.

Paul's Scarlet. Brilliant semi-double scarlet.

Silver Moon. Huge creamy-white, single.

***Wichuraiana.** The trailing Memorial Rose. Glossy foliage, white flowers in July; best used as ground cover. \$1.00 each, \$9.00 per dozen.

***Useful also for ground covers and low masses.**

Purple Finches at a Window Feeding Station

Planting to Attract Birds

Cape Cod is rapidly becoming widely noted for the surprisingly wide variety of birds that come here all through the year.

Hundreds of home owners have installed bird feeding stations to their great enjoyment, and great is the friendly rivalry as to who has the most or the rarest feathered friends.

Mr. Alfred E. Runk of Ramsey, New Jersey, one of the country's leaders in ornithological and horticultural research, recently suggested that Cape Cod is so ideally equipped in natural flora and climate that this section may readily become a widely renowned regional bird sanctuary. He recommends extensive planting here of those kinds of trees and shrubs known to attract and promote bird life.

We of the Lawrence Cape Cod Nurseries have for many years recommended, grown and included in our home grounds plantings many such plants, and we shall increase that number. Use them wherever

possible. Almost invariably the plants best for birds are also most ornamental in flower, fruit and brilliant autumn foliage color, and are thus especially suited to wide general use.

Generally speaking, birds are most abundant where dense-growing shrubs and trees are near to afford quick refuge and protection.

For that reason, plus the seeds in the cones, pines, spruces and hemlocks are liked especially by warblers, nuthatches, purple finches, brown creepers, the brilliant evening grosbeaks and the saucy siskins.

Red cedar (Juniper) berries and the fleshy fruits of hawthorns, crabapples, dogwoods appeal particularly to the beautiful cedar waxwings all winter.

Our abundant native bayberries bring myrtle and pine warblers, and, in fact, they are known to attract more than 80 different kinds of birds. The velvety red seed spikes of native sumac feed even more.

Juicy berries of bush honeysuckle and early-fruiting viburnums are quickly taken in early fall. Fruits of other viburnums seem to need frost-biting before they appeal. Barberry's red berries are almost the last to be eaten.

The bright red berries of holly and several kinds of yews are great attractions for robins and other birds.

Humming birds hover and dart among trumpet vines and honeysuckle for their nectar in midsummer.

Flickers and woodpeckers even thrive on poison ivy's whitish berries, too often mistaken by humans for bayberry.

Chokeberry, winterberry, privet, Russian olive, firethorn, euonymus, photinia and shadblow all add to the birds' supply.

Nature has many methods of perpetuating plant life. One is to encourage distribution of plant seeds by making them colorful and attractive to birds. Both plant life and bird life add enjoyment to human life. Why not encourage all three by adding some new plants this year and every year?

The Use of Native Plants

Cape Cod is unusually rich in the variety and character of its native plant materials. We believe in these natives and use them constantly.

Cedars, birches, red maples, oaks, beeches and tupelo are leaders among the trees. The native pitch pine is not often safely transplanted. American holly is a Cape Cod native and is increasingly popular and valuable.

Best known native shrubs are beachplum (illustrated on this page), the fragrant bayberry, wild roses, sweetfern, blueberry, dwarf gray willow, sweet-pepper, swamp azalea, chokeberry, shadblow, the glossy evergreen inkberry, and several varieties of viburnum.

Many provide especially brilliant early fall colors, as do the native woodbine and the several sumacs.

Most of these native plants we grow in our Cape Cod Nurseries. Many we collect from the wild and plant them successfully throughout this section. Like true Cape Codders, they are often rugged individualists, with a character and a reliability that make them good friends well worth knowing.

Beachplum — Favorite Native of Cape Cod

*Japanese Black Pines
Best in Seashore Exposure*

Successful Seashore Planting

On Cape Cod "we face four seas." The "strong right arm of Massachusetts" embraces Massachusetts Bay on the north. To the east the broad Atlantic pounds the headlands from Highland Light to Chatham Bars. On the south, from Monomoy to Nobska at Woods Hole are Nantucket and Vineyard Sound, while westerly is Buzzards Bay, leading to the Canal.

Year-round climate is mild and invigorating. Here many kinds of plants thrive which are not winter-hardy inland in New England. Good examples are the Blue Hydrangea, Firethorn, Vitex, Abelia, Buddleia, and even English Holly.

Gardening near the seashore, however, does involve problems not encountered elsewhere, largely because of strong salt-laden winds off the sea, and soils that are often light and sandy.

Three basic requirements are fundamental for successful seaside planting.

First, new plantings must be provided with adequate fertile soil so that they can quickly establish strong root growth which alone can sustain sturdy wind-resistant tops.

Second, new plantings facing stiff sea winds should be set closer together than elsewhere, so that mass protection is provided, and individual plants can lean on their neighbors for shelter and protection. Notice the existing wild growth in sea exposures. Invariably it is in drift-like masses, low at the outer edge, gradually increasing in height as it heads inland. Nature is a wise teacher for all of us.

Third, and most important, is the wise selection and arrangement of strong, well-grown plants of kinds that have proved able to survive the brunt of salt sea winds. Here indeed the help of reliable landscape plantsmen, thoroughly acquainted with all the requirements, is invaluable. There is no substitute for experience. Guesswork won't work. Know-how and know-what alone can bring success.

Pleasant Combination of Garden and Seascape

The Sea-Garden Gate

No plants can live and thrive without good healthy foliage. Exposure to salt sea winds brings damage to foliage of all but a very limited number of kinds. We plant these vigorous kinds, then, in most direct exposure. They create a windward shelter for others less resistant, and these in turn increase the wind-break, permitting much wider choice of plants to be used inside the sheltering masses.

Good gardens and borders actually within only a few feet of the water's edge are definitely possible. We've designed and built many on Cape Cod with marked success.

Simple Landscaping Frames a Harbor View

The Choice of Plant Materials

In the punishment of sea exposures the one tree certain to thrive, if properly grown and properly planted, is the Japanese Black Pine. Red Cedars, Honey Locusts and some Oaks will do fairly well, but more slowly.

For shrubs, the tough Rugosa and Memorial Roses, Bayberry, Beachplum, Russian Olive and Scotch Broom are most resistant. Low-growing Mughos Pines, spreading Junipers and some of the Yews do well in mass-formation.

Inshore from these can be used Viburnums of several types, Blueberries, Sweetpepper, Chokeberry, Bush Honeysuckles and Privet.

Within the sheltering windbreak of plant masses established as described, supplemented if desired by walls or fences, and given adequate soil preparation, one may certainly have beautiful gardens, or borders, of attractive evergreens, shrubs and flowers framing fine green lawns.

Our long practical experience, since 1886, and the many examples of our work throughout Cape Cod, are your assurance of satisfaction with Lawrence's seaside landscape plantings.

The Beauty of Colorful Azaleas

Deciduous Flowering Shrubs

Beginning with forsythia's early April flowers, shrubs of many kinds add beauty to every home grounds. Many offer added dividends of brilliant autumn foliage and colorful fruits that prolong their attractiveness through late fall and even into winter.

Shrubs give perhaps the greatest and quickest return on very modest investments. Prices of many good-sized shrubs are low, growth is rapid.

Most kinds of shrubs may best be transplanted in either spring or fall with equal success. For late spring and summer planting, even when in full leaf and flower, our special-handling methods at slight extra cost make possible the creation of immediate effects of lasting beauty.

General List of Flowering Shrubs

ACANTHOPANAX sieboldianus, Aralia, Each Dozen
Finely cut glossy foliage. Grows in partial shade.

3 to 4 ft. \$1.75 \$19.20

ALTHAEA. See Hibiscus.

✓ **AMELANCHIER canadensis**, Downy Shadblow.

Early spring native favorite, white flower clusters in late April and May.

3 to 4 ft. 2.00 22.20

✓ **ARONIA arbutifolia**, Red Chokeberry.

Another good shrub for naturalizing. White flowers in June followed by red fruits.

2 to 3 ft. 1.25 13.20

3 to 4 ft. 1.50 16.20

AZALEA arborescens, Sweet Azalea. White.

June. 1½ to 2 ft., B. & B. 4.50 51.00

calendulacea, Flame Azalea. Yellow-orange.
Late May.

18 to 24 in., B. & B. 5.00 57.00

2 to 3 ft., B. & B. 6.00 66.00

kaempferi, Torch Azalea. Brilliant flame-red show in May and June.

18 to 24 in., B. & B. 6.50

kaempferi Hybrids

Carmen. Rose pink.

Othello. Brick red.

15 to 18 in., B. & B. 5.00

mollis, Chinese Azalea. Large flowers in yellow and orange tints, May-June.

15 to 18 in., B. & B. 4.50 51.00

poukhanensis, Korean Azalea. Beautiful orchid flowers appear before leaves in April.

15 to 18 in., B. & B. 4.00 45.00

vaseyi, Shell-pink Azalea. Pink. Apr.-May.

1½ to 2 ft., B. & B. 5.00 57.00

viscosa, Swamp Azalea. White. Fragrant. June-July. Fine late-blooming native. Likes moist ground.

1½ to 2 ft., B. & B. 3.50 39.00

2 to 2½ ft., B. & B. 4.50 51.00

4 to 5 ft.....	6.00	

TAMARIX pentandra . Summer-blooming Tamarix. Feathery bluish foliage, pink flowers in July. Stands sea-winds.		
3 to 4 ft.	1.75	19.20

The Fragrant Viburnum Carlesi at its best in May

2 VACCINIUM corymbosum , Highbush Blueberry. The native variety with abundant edible fruit. Brilliant fall foliage.	Each	Dozen
2 to 3 ft., B. & B.....	\$2.50	
3 to 4 ft., B. & B.....	3.50	
Cultivated Hybrid Blueberries , see page 60.		
VIBURNUM carlesi , Mayflower Viburnum. Large heads of deliciously sweet arbutus-pink flowers in early May. One of the very best shrubs.		
1½ to 2 ft., B. & B.....	4.25	
dentatum , Arrowwood Viburnum. Large creamy flowers in late June are followed by steel-blue berries. Stands partial shade. Native.		
3 to 4 ft.....	1.50	\$16.20
dilatatum , Linden Viburnum. Outstanding variety, large cream-white flowers in June followed by great clusters of bright red berries lasting all fall. Glossy deep green foliage.		
2 to 3 ft.....	2.00	
3 to 4 ft.....	2.50	
sieboldi , Siebold Viburnum. Very large glossy leaves, white flowers, and red fruits. Makes fine specimens.		
2 to 3 ft.....	2.00	
3 to 4 ft.....	2.50	
tomentosum , Doublefile Viburnum. Large flat heads of white flowers cover the plant in June. Foliage deep purple in fall.		
2 to 3 ft.....	2.25	24.00
3 to 4 ft.....	3.00	33.00
trilobum , American Cranberry Bush. Showy white flowers in June, large red fruit clusters all fall and winter.		
3 to 4 ft.....	1.75	19.20
VITEX macrophylla , Chastetree. Large upright lilac-like spikes of a beautiful clear blue, particularly attractive in its August and September bloom. Low growing, perfectly hardy on Cape Cod.		
1½ to 2 ft.....	1.50	16.20
WEIGELA candida , Snow Weigela. Long branches of pure white flowers in June.		
3 to 4 ft.....	1.50	16.20
florida , Pink Weigela. One of the most floriferous shrubs. June.		
3 to 4 ft.....	1.75	19.20
Crimson Hybrid . Deep crimson-red flowers of great beauty.		
2 to 3 ft.....	1.50	16.20
3 to 4 ft.....	2.00	22.20

Hardy Vines and Ground Covers

Vines are among the most useful and versatile plants. Some cling tightly to any surface; some need trellises or walls for support; others are trailing and make excellent ground covers.

They produce flowers, foliage and often ornamental fruits. They are quick, reliable, of low cost, and take a minimum of space.

Planted ground covers such as Pachysandra, Myrtle, English Ivy and Ferns are increasingly popular both for their own beauty and to reduce the maintenance required by mowed lawns.

Often we reproduce the typical natural Cape Cod ground cover by collecting and planting turfs of some of these local natives. We have developed special cover treatments to hold steep banks against erosion. Our experience is at your service.

AMPELOPSIS see <i>Parthenocissus</i> .	Each	Dozen
-----------------------------------------------	------	-------

ARCTOSTAPHYLOS <i>uva-ursi</i> , Bearberry or Wild Cranberry. Makes dense mats of glossy dark green, turning reddish bronze through fall and winter. One of the best ground covers for sandy soils. Well branched, from 3-inch pots.....	\$.75	\$7.80
\$50.00 per hundred

WISTARIA sinensis , blue, Chinese Wistaria.		
Strong grafted plants.....	2.00	
sinensis alba . White Wistaria. An excellent vine. Strong grafted plants.....	2.50	

Winter Beauty of Evergreen Foundation Plantings

Evergreen Trees and Shrubs

The greatest single appeal of evergreens is perhaps their constant beauty throughout the entire year. They add dignity or formality where desired.

Included here are not only the tall-growing kinds such as pines and spruces, but also many dwarf and spreading types, yews and junipers, and others best for house foundations.

The large class of broad-leaf evergreens, including laurel, rhododendrons, pieris and many azaleas, have the added value of bearing beautiful flowers.

Scotch heather is a fine ground cover in sun, and thrives especially on Cape Cod.

Wise combinations of all these types of evergreens, properly arranged, make plantings of exceptional beauty and permanence.

All plants are balled and burlapped (B&B) to give maximum root support and protection.

ABELIA grandiflora , Abelia. Graceful low shrub, glossy foliage, arbutus-like flowers from July to October.	Each	Dozen
18 to 24 in.....	\$3.25	\$36.00
ABIES concolor , White Fir		
3 to 4 ft.....	6.50

2 to 3 ft.....	8.00	
3 to 4 ft.....	10.50	
ULEX hispanica . True Scotch Gorse. Yellow flowers in spring. 2½ in. pots.	1.25	

Good Lawns

Two fundamentals are essential for a good lawn. It must be well built at the start, and it must have reasonably good care every year.

Our landscape service supplies labor, loam, seed, fertilizers and intelligent after-care for building and maintaining good lawns.

*Flower Beauty of Goldenchain Laburnum
One of the Best of the Smaller Flowering Trees*

Flowering and Shade Trees

Among the trees, elms, maples, lindens, willows, oaks and beeches are all such good friends they need no new introduction.

More attention is deserved by that large group of trees which are especially valued for their beautiful flowering effects. These include dogwoods, hawthorns, golden chain, magnolias, and flowering crab-apples and cherries. All make specimens of great beauty and add real value to any home grounds.

Along with these deciduous trees, we should not overlook the use of some of the evergreen trees listed on pages 48 to 53.

A moderate investment in a few good trees pays large dividends (tax-exempt) and once properly planted they require a minimum of care.

In many varieties we have larger sizes than listed in specimen grade. Prices on request.

All trees bare root except where noted.

Maples — Acer

ACER palmatum atropurpureum , Blood-leaf	Each	Dozen
Japanese Maple		
1½ to 2 ft. grafted specimens B. & B.	\$8.50	
platanoides , Norway Maple		
8 to 10 ft.	7.50	
10 to 12 ft.	10.00

12 to 14 ft.	15.00	

Birches — Betula

BETULA papyrifera , Canoe Birch	
6 to 8 ft.	6.00
8 to 10 ft.	9.00
pendula laciniata , Cut-leaf Birch	
6 to 8 ft.	7.50
CHIONANTHUS virginica , White Fringe	
3 to 4 ft.	2.00

Dogwoods — Cornus

CORNUS florida , White Flowering Dogwood	
2 to 3 ft.	3.50
3 to 4 ft., B. & B.	4.50
4 to 5 ft., B. & B.	6.50
5 to 6 ft., B. & B.	9.00
florida rubra , Pink Flowering Dogwood	
3 to 4 ft., B. & B.	7.50
4 to 5 ft., B. & B.	10.00
Kousa , Japanese Dogwood	
3 to 4 ft., B. & B.	5.00
4 to 5 ft., B. & B.	7.00
5 to 6 ft., B. & B.	9.50

For Bush Dogwoods please see page 37.

Hawthorns — Crataegus

	Each	Dozen
CRATAEGUS oxyacantha , English Hawthorn		
3 to 4 ft.....	\$4.50	
4 to 5 ft., B. & B.....	6.00	
5 to 6 ft., B. & B.....	8.50	
6 to 8 ft., B. & B.....	12.00	
oxyacantha pauli , Paul's Scarlet Hawthorn		
4 to 5 ft., B. & B.....	5.50	
5 to 6 ft., B. & B.....	7.50	
6 to 8 ft., B. & B.....	10.00	

Beeches — Fagus

→ FAGUS grandifolia , American Beech	
2 to 3 ft., B. & B.....	4.00
3 to 4 ft., B. & B.....	6.00
4 to 5 ft., B. & B.....	7.50
sylvatica , European Beech	
5 to 6 ft., B. & B.....	9.00
6 to 8 ft., B. & B.....	12.00
8 to 10 ft., B. & B.....	16.00
GLEDITSIA triacanthos, inermis , Thornless Honeylocust	
8 to 10 ft.....	8.00
10 to 12 ft.....	10.00
HALESIA carolina , Great Silverbell	
3 to 4 ft.....	1.75
→ JUGLANS nigra , Black Walnut	
5 to 6 ft.....	4.00
6 to 8 ft.....	6.00
LABURNUM wateri , Goldenchain	
6 to 8 ft., B. & B.....	10.00
MAGNOLIA soulangeana , Saucer Magnolia	
2 to 3 ft., B. & B.....	7.50
3 to 4 ft., B. & B.....	9.00
4 to 5 ft., B. & B.....	13.00

Flowering Crab Apples — Malus

MALUS arnoldiana , Arnold Crab	
4 to 5 ft.....	4.50
5 to 6 ft.....	6.00
atrosanguinea , Carmine Crab	
4 to 5 ft.....	4.50
5 to 6 ft.....	6.00
→ hopa , Hopa Crab

8 to 10 ft.....	7.50
10 to 12 ft.....	10.00

About Pruning

Pruning is a most important element in the proper growth and production of all woody plants. More murderous and almost criminal disfiguration of plants is accomplished by the uninformed than is ever caused by storm or accident.

"Hair-cut" shearing should never be allowed on flowering shrubs nor on most Evergreens. It not only destroys all naturalness of appearance, but it also almost eliminates flower production.

Spring flowering plants are best pruned just after they have finished flowering, except for the removal of dead or unsightly growth. Different species are pruned in different ways.

We have trained men, really expert at proper pruning. Why not let us help you do it as it should be done?

Apple Trees are Attractive All Year-round

Fruit Trees and Bush Fruits

APPLES. Standard Trees Each Dozen

2-year, 5 to 6 ft..... \$1.75 \$19.20

➤ **Baldwin.** Large; winter.

➤ **Cortland.** Improved McIntosh. Comes a month later.

➤ **Early McIntosh.** September.

➤ **Golden Russet.** Winter.

➤ **Gravenstein.** Large; October.

➤ **Greening.** Good, winter.

➤ **Macoun.** McIntosh type, solid red; winter.

➤ **McIntosh.** One of the best; November.

➤ **Northern Spy.** Yellow and red; winter.

➤ **Red Astrachan.** Red; August.

➤ **Red Delicious.** Large, red; winter.

➤ **Wealthy.** Deep red; fall.

➤ **Yellow Transparent.** August.

Larger sizes. Prices on request.

➤ **DWARF APPLES.** Excellent where space is limited..... 3.25

**Baldwin, Cortland, McIntosh,
Red Delicious, Yellow Delicious,
R. I. Greening, Yellow Transparent.**

BLACKBERRIES Each Dozen 100

➤ **Eldorado.** Fine, large fruit..... \$.30 \$3.00 \$20.00

BLUEBERRIES, Cultivated Hybrids

Used more widely every year, and deservedly so, because of their great productivity of large sweet fruits. The naturally acid soils of southeastern Massachusetts are particularly favorable for these Blueberries.

We offer three varieties proven most satisfactory in this section:

- **Jersey.** Large berries. Midseason.
- **Rancocas.** Early and tall. Fruits heavily.
- **Rubel.** The best all-purpose variety.

18 to 24 in. plants, B. & B., \$2.00 each; \$22.20 per dozen.

CHERRIES Each
2 to 3 yr. \$2.50

➤ **Black Tartarian.** Black, sweet.

➤ **Montmorency.** Red, sour.

CRAB APPLES

➤ **Transcendent.** Early red.
2-year, 5 to 6 ft. 1.75

➤ **Hyslop.** Crimson.
2-year, 5 to 6 ft. 1.75

CURRENTS Each Dozen 100
➤ **Red Lake.** Best standard variety. \$.60 \$6.00 \$40.00

GOOSEBERRIES

➤ **Champion.** Good 2-year plants. .65 7.20

GRAPES

2-year-old, strong vines.
➤ **Caco.** Early. The best red grape... 1.00 10.80
➤ **Concord.** Black; late. 1.00 10.80
➤ **Fredonia.** Blue-black; early. 1.00 10.80
➤ **Niagara.** White. 1.00 10.80

PEACHES Each
No. 1 grade trees. \$1.50

➤ **Belle of Georgia.** Large, white flesh, free-stone, early.

➤ **Elberta.** Large yellow, free-stone, late.

➤ **Golden Jubilee.** Yellow, free-stone, hardy, early.

➤ **Hale Haven.** Fine, new, prolific; yellow, early.

PEARS. Standard Trees

3-year, 5 to 6 ft. 2.50

➤ **Bartlett.** Late summer.

➤ **Beurre Bosc.** Winter.

➤ **Clapp's Favorite.** Summer.

➤ **PEARS. Dwarf: Bartlett and Clapp's Favorite** 3.25

PLUMS

3-yr. 2.50

➤ **Abundance.** Large yellow. Early August.

➤ **Italian Prune.** Fine for preserving.

➤ **Lombard.** Dark red. August.

RASPBERRIES Dozen 100
Strong plants. \$3.00 \$20.00

➤ **Cuthbert.** Large red fruit.

➤ **Indian Summer.** Everbearing, red.

➤ **Taylor.** New, prolific, red.

Fertilizers for Every Need

For VEGETABLES and FLOWER GARDENS

The standard "Agrico Brand" balanced fertilizers

Ground magnesium limestone

Bone meal

Pulverized and dehydrated manures

For LAWNS — OLD or NEW

"Agrico for Country Clubs," with organic nitrogen

Milorganite

Vigoro

Scott's Turf Builder

For TREE FEEDING

Bartlett Green Tree Food, all organic

For RHODODENDRONS, AZALEAS, ETC.

"Agrico for Broadleaf Evergreens"

And for general all-purpose planting — Cow manure of the best quality

THE BEST OF THE MODERN

Insecticides and Fungicides

Chlordane (Synclor-50-W) especially good for **ants** and **grubs** in lawns.

Fermate, the new highly efficient preventive for **fungous diseases** on a great variety of plants.

Rose-Tox, a complete all-in-one dust or spray which controls all insects and diseases on **roses**.

Tree-Tox, a complete **fruit-tree** spray or dust, nothing else needed.

Tri-o-gen, the outstanding three-way spray for **roses**; now contains Fermate.

DD-IDE Garden Spray (20% DDT) for **insect** control on trees, plants and vegetables; also an effective area control of **mosquitoes**.

Boncop, Rotenone and Copper Dust, especially good on **vegetables**.

Bonsul, the new micronized sulphur for much-needed control of **red spider**.

Bontox, a combination of Rotenone, DDT, Methyl Naphthalene and Neutral Copper; an all-purpose dust for **ornamentals**, **fruits** and **vegetables**.

Black-Leaf 40, the old reliable Nicotine Sulphate spray, killing **aphis** and other insects by contact.

Snarol for **snails** and **slugs** and **cutworms**.

Scalecide and **Sunoco Oil Spray** for scale insects.

Ammate and **Weedone** for killing **Poison Ivy**, **Ragweed**, and other pest-plants.

Scutl, the new and really good crab-grass killer.

All these and many others on hand in our store.

Information for Customers

Planting Seasons

Both spring and fall are recommended planting seasons.

Hardy Perennials, April through June, September through November, and, if handled with extra care, midsummer.

Hybrid Tea Roses, dormant plants in April, potted plants in May and June. Fall planting in this section is not reliably satisfactory.

Deciduous Shrubs, Trees, Vines, and Fruits, April through June, and, with a few exceptions, September through December.

Evergreens, April through June, and late August to November.

Dutch Bulbs (Tulips, Narcissus, etc.), all fall.

Annual Plants, from May 15 on.

Guarantee

All our stock is guaranteed true to name, in good condition, carefully dug, and properly packed for safe delivery.

Where in our judgment our plants are properly planted and receive adequate watering and after-care, we will replace any plants that fail to survive the first growing season, charging only for the labor required in replanting.

On large specimen trees and collected plants we will replace losses, if any, at half the original plant and planting-labor costs.

Prices

1 to 5 plants of the same kind at the each price; 6 or more at the dozen rate, and 25 or more at the hundred rate where quoted.

Slight additional charges may be made for plants dug in midsummer, because of extra handling care required.

All prices quoted are F.O.B. our nurseries in Falmouth, and apply to our usual first-grade stock. Where a plant of exceptional specimen quality is selected, a special price will be properly charged.

Because of conditions beyond our control, prices are subject to change without notice. This list cancels all previous lists.

Deliveries and Shipping

Express, freight and parcel post charges are paid by the purchaser. Moderate crating and packing charges may be made.

Truck deliveries without charge are scheduled Fridays during April, May and June, covering all Cape Cod as far as Orleans. For other truck deliveries, fair charges are made, depending on distance and load.

Business Hours

The Nurseries are open week-days from 8.00 A.M. to 4.30 P.M. We are closed to business on Sundays and national holidays. Visitors are always welcome.
